Now that Debs is in jail, the eyes of the public are turned to the Republican nomination for Congress in the Third district.

John withdrew, leaving Dr. Hunter a clear track for the Republican nomination for Congress in the Third district.

Your Uncle Grover may be a little wobbly on the silver question, but there is still no doubt that he is a true blue, as it were, when it comes to handling strikes.

If any man wants to quit work, when he is in right and private, but when he undertakes to keep his employers from working it is a very different matter.

When the strikers found that there was no use in fooling about the new law, they soon concluded to obey the law and let the railroad property alone.

The Illinois Supreme Court has passed upon the case. President Debs and nothing remains but to hang the sentence to jail. He only goes into it in interference by Org. Alford.

Another good newspaper property in the First district on the market, by reason of the death of the editor and owner of the Fulton Fulminator, Judge Starke. Mr. Ed Bolinger is presently running the paper.

One of the serious consequences of the strike was that "Homer Haver" Watson suffered himself to become very much excited and for awhile was in imminent danger of overworking himself in editing the war column of the Courier Journal.

His Charles Dealey, of Evansville, Ind., Minister to China, is at home for the first time in nine years. Mr. Dealey was appointed in 1880 and was dismissed by President Roosevelt in 1897. He came from 120 East, having been quarantined at the globe.

Bills for the admission of Utah, New Mexico and Utah passed the House some time ago. The Utah bill is the first to get through the Senate. It passed Wednesday with some amendments. All of these amendments will soon be in the Union as Senate.

The Democratic Congressional Convention which meets at St. Louis, Mo., Wednesday will nominate Mr. Riley, of Warren, if all of the claims of his supporters hold good. Logan and Allan have instructed for him giving him enough votes to nominate without Muhlenberg, which will send two seats of delegates.

Tony Carroll, in the "In and out of Kentucky" column of the Courier Journal, very properly related the "cleared outposts" in this district who are disposed to call each other names over the issue of the race. Don't do it boys. Let's put the Seventh district to rest with a monopoly of that sort of stirring.

The money loan resulting from the strike, according to the most accurate figures, was something over a million dollars a day. The property destroyed amounted to \$2,100,000 in Chicago alone. This was in the strike was \$100,000 and summing up the losses to business, the railroads and to the strikers, the aggregate was \$7,000,000 in ten days and one man caused it all.

Commissioner Lockhart is good work in getting the pension list done and better a close inspection. It is now given out that of the 772 pensioners dropped from the roll, all but 3,928 have been reinstated, most of them at the old rate. Out of the aggregate roll of 900,000, only 5,886 have been either dropped or reduced. The "saving" of \$250,000,000 has been the "saving" of the law in granting pensions. Nobody doubts that a general overhauling of the rolls would discover the truth.

Mr. John P. O'Connell, who will be the Republican nominee for Appellate Judge against Judge Lewis.

The California Mid-Winter fair, which has just closed, had an attendance of 2,000,000 during the six months it was open.

The tariff conference on making has very slowly in getting to work. It is not yet to have a report ready by July 20th.

A new paper called the Democrat has been started at Fulton, Ky., by Messrs. Mort Appoy and J. G. Hall. They have secured headquarters for Congress.

Debs and his associates are in the middle of a very bad job. The maximum penalty for obstructing the mails is a fine of \$5,000 and six years imprisonment.

Debs is a tall, thin young man 38 years of age, who runs a job in Chicago and draws a big salary from the "American Railway Union," which he organized.

Unable to longer endure the prods of Judge Vance, organ of the "Illinois Journal," the Henderson Journal has ceased to publish, has accepted the charge of battle and declared for McClain. In a long editorial it gives its reasons for ceasing to be neutral, one of them being the fact that to everybody that reads the Henderson Journal, the Henderson Journal is a "chump" concern. It is a long editorial, but it is a long editorial.

THE WORST IS OVER.  
A General Strike of Organized Labor Ordered.  
THE ORDER NOT OBEYED AND NO FURTHER TROUBLE FEARED.

Fullman case. This action, he is understood, was not taken until the strike had been on six weeks and every effort was made to obtain redress had failed because of the obstinacy of the company.

"Up to this point the trouble was confined to the Pullman company and its employees. How, then, did the strike extend to the railways? The answer he gives is as follows: The day before the strike the order of the delegates declining to bail Pullman cars went into effect. The General Managers, acting through the principal western railways, sent and passed a series of resolutions declaring in substance that they would uphold the Pullman company in its fight upon the employees, that they would bail Pullman cars and that they would stand together. The resolutions in question were published in the Chicago press and were referred to in substance in this connection. It will thus be seen that the railway companies, through the action of the Pullman company, went into partnership with Pullman, to reduce and defeat the laboring men.
